DETAILED ACTION

Newly submitted process claims 14-22 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: New claims 14-22 are directed to a **process of preparing** the compounds of formula I, while the originally presented claims were directed to the **compounds, compositions, method of use and a different process of preparing the compounds** of formula I.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 14-22 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

The amendment filed on August 4, 2004 canceling claims 1-13 drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because the newly presented claims are directed to a process of preparing the compounds of the formula I.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
